ANNUAL REPORT 2018

CALVARY COMMUNITY CARE
CHARITY • COMPASSION • CARE

VISION

To be a respected charity serving the needy out of love and relating to them holistically as individuals

MISSION

Serve the needy in the community regardless of race, age, gender or religion

VALUES

**Charity
Compassion
Care**

About Calvary Community Care (C3)

Founded in 2010, Calvary Community Care (C3) is a broad based, not-for-profit Institution of a Public Character (IPC) charity that believes every individual is valued and should be related to holistically to be uplifted to their fullest potential.

Dedicated to meeting the needs of those around us, we have developed English Literacy Support programmes for young children, Resilience programmes and Counselling for youths-at-risks as well as Befriending and Active Aging for the seniors.

We serve others regardless of their background, race, income, or religion, particularly those who come from challenging family backgrounds and/or require financial assistance.

Chairman's Foreword

We are indeed thankful for God's grace and provisions as we begin to reflect on what C3 has achieved over the past one year. I am grateful to all C3 supporters for your encouragement, generosity and commitment as we reached out and touched more than 600 beneficiaries in the community. A special mention on the generous giving of individual and corporate donors during our second Gala Dinner & Art Auction 2018, helping C3 to raise over \$156,000.

It is humbling and deeply comforting, to know that there are so many others - partners, donors and volunteers - working alongside us as we strive to bring a touch of happiness to the lives of those we serve.

In 2018, we had 118 children from 9 centres who enrolled in our GROW English Literacy Support Programme.

With a refocus, C3 started to shift more of our attention to those who need our help the most – young children from more disadvantaged backgrounds and/or non-English speaking families. We continue to deepen our work at Henderson WeLL Centre and build partnerships with other organizations in our efforts to reach out to these families.

On the youth front, Team ACE (Youth) achieved its goal of running after-school engagement programs and drop-in services in

centres in 2018.

Through in-school and outdoor activities, our youth workers and volunteers worked tirelessly to help youths improve their self-esteem and confidence. It has been inspiring to hear their stories and see students challenged to improve themselves and build a spirit of resilience and excellence.

Chairman's Foreword

With mental health issues among youths a growing concern in an increasingly fast-paced and performance-driven society, C3 embarked on new partnerships this year with primary schools, reaching and providing counselling for children as young as 11 and 12 years old.

C3's engagement with the elderly in Potong Pasir and Toa Payoh continues to expand with participation increasing to 320 seniors from 215 in 2017. A new partnership with Health Promotion Board (HPB) has enriched our regular exercise program to improve the health and well-being of active agers. Our befriending and active aging programs are drawing seniors out of their homes through activities, so they can engage and watch out for one another. Residents who once struggled with isolation are now finding new joy reaching out and befriending elderly neighbors.

2018 saw changes to our Management Board and staff team. We thank Peter Ong for his leadership and valued contributions to the Board over the past 9 years as he steps down in 2018. C3 welcomes new board member See Hui Min and also Denise Yap, Lawrenz Tan and Eunice Tan who joined the staff team. I am grateful to all board members and staff for their tireless efforts, excellent teamwork and unwavering commitment to the cause, which has been crucial in overcoming the many challenges in this journey.

I look forward to the continued partnership with all our stakeholders as C3 endeavors to make a greater impact in the community in the years ahead.

Yours Sincerely,

William See
Chairman

Testimonials

Jan* (name has been changed)
Counselling Client

Joseph Lim
Intern, Youth Programmes

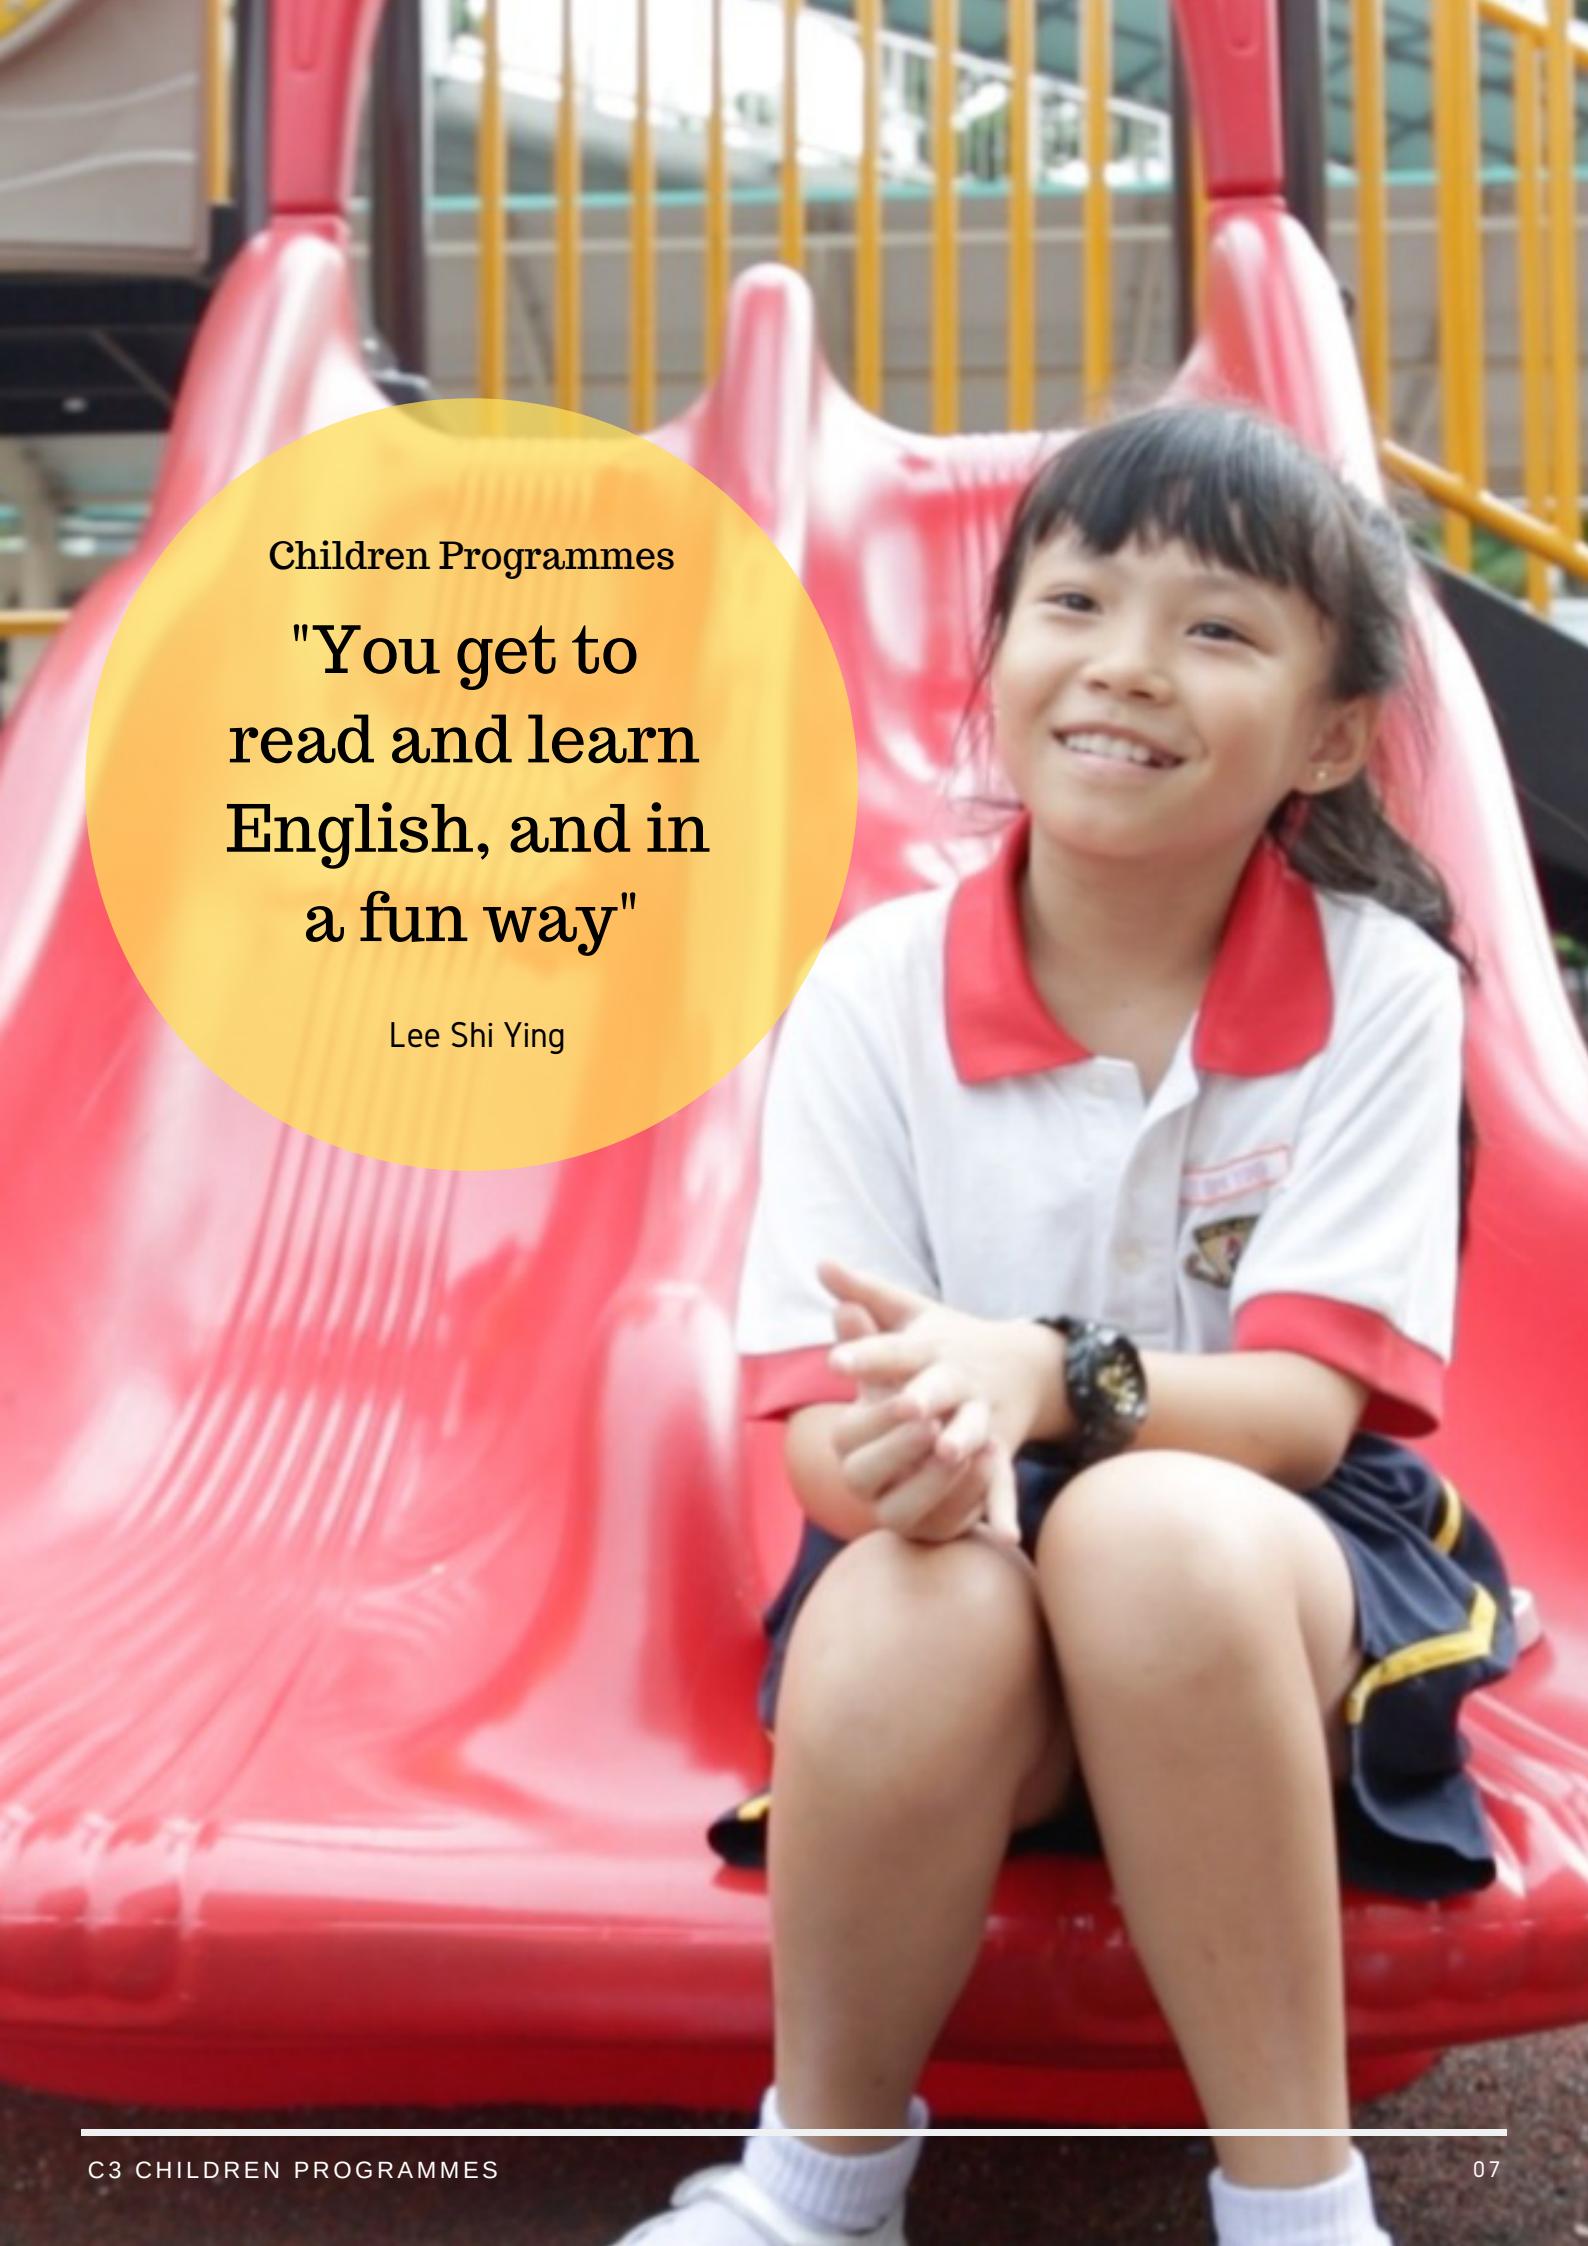

Shi Ying
GROW beneficiary

"I am grateful for my counselor for hearing me out, for that was what I always needed. Denise is very patient and sincerely cared for my feelings, her words are always comforting, letting me feel and know that I matter. She made herself available on Saturdays so that I did not need to take leave from work when it was inconvenient. This was not necessary, but it she did it anyway. Her sacrifice is greatly appreciated.

I have been able to move on with my life and made significant improvements. And I know also that she will be there if I ever needed someone."

"My time with the C3 family has truly been a fulfilling one and I feel that the skills and experiences I've learnt translates very well into essential skills applicable to my work place. More importantly, it has helped me to grow as a person and taught me to how to sit, listen and empathise better with others. C3 has definitely opened my eyes to the needs that fellow Singaporeans across all ages may have and I realise that these needs are often not very hard to notice if we would just make the effort to hear, know and understand them. I wish to encourage others to volunteer, serve and experience this for themselves and as I've learnt that no matter how much success you may achieve in a field, nothing matches the worth of helping others."

At the start of P1, Lee Shi Ying could read fewer than 50 words. Her mother is Vietnamese and does not speak English while her father is deaf. Thankfully, Shi Ying is a very keen and diligent learner and with the help of GROW reading support programme, she was able to make tremendous progress in her reading proficiency. Since the start of P2, she has been reading competently at grade-level!

Children Programmes

"You get to
read and learn
English, and in
a fun way"

Lee Shi Ying

CHILDREN PROGRAMMES

English Literacy Support [StoryL.A.B.]

C3's signature children programmes – GROW and Story L.A.B. – continued to deliver quality literacy support to children in different centres in 2018. The programmes impacted the lives of more than 150 children, from ages 3 to 9, in ten centres.

"Reading aloud is widely recognized as the single most important activity leading to language development."

Story L.A.B. bring the experience of "bedtime stories" (shared bookreading) into the community so that the children, especially those from non-English speaking homes, can enjoy the experience and benefits.

Simple as this activity of reading aloud appears, the impact it makes in the lives of the children cannot be underestimated.

About 60 children and a total of 29 volunteers participated in the story sessions over the course of the year with an average attendance of 17 children.

Reading aloud is widely recognized as the single most important activity leading to language development.

It is heartening to see Emily* (name changed), a playful and restless 5 year-old, sit quietly with her volunteer throughout each session, listening attentively and responding enthusiastically to the stories.

CHILDREN PROGRAMMES

English Literacy Support [G.R.O.W.]

118 children in nine centres benefitted from the **GROW** (Gain Reading, Oral and Writing skills) lessons. **GROW** was run at various centres:

- 📍 C3 (Potong Pasir)
- 📍 Bethel Kinderlites
- 📍 Bethel Child Development Centre
- 📍 Bethel Student Care Centre
- 📍 Neighbourhood Baptist Church
- 📍 WeLL Centre (Henderson)
- 📍 Young Women's Christian Association (Outram)
- 📍 Sheng Hong Family Service Centre
- 📍 Pei Chun Public School

The GROW lessons provided literacy support for children in K1 (27), K2 (42), P1 (46) and P2 (3). The weekly 90-min lessons helped the children develop good phonics skills, strong word recognition ability as well as reading fluency.

Through the tiered intervention and small group instruction, the numerous learning

"Many children have been labelled "failures" in school when their main problem was that no one taught them to read when they were 5 and 6 years old."

gaps were plugged and the children were able to make significant progress in developing reading proficiency.

24 volunteers along with 1 contract staff and 2 staff carried out the GROW lessons over the year.

Many children have been labelled "failures" in school when their main problem was that no one taught them to read when they were 5 and 6 years old. C3 recognizes this and is committed to helping such at-risk children develop the necessary reading proficiency so that the guarantee of failure in school is eliminated.

CHILDREN PROGRAMMES

[Camp G.R.O.W.]

5-7 Dec 2018

50 campers
19 staff & volunteers
32% returning campers
27 Potong Pasir Residents

Once again, the year-end event that many parents and pre-schoolers eagerly waited for did not disappoint.

As with the previous 5 years, Potong Pasir Citizen's Consultative Committee sponsored the venue, publicity banners and 30% of the camp fees for their residents. A team of 17 volunteers along with 2 staff helped make the camp a memorable one.

The children enjoyed 3 days of stories, story-related craft activities, games, songs and friendships.

They enjoyed the camp so much that one boy declared to his dad he wanted Camp GROW to "be forever". One of the camp volunteers commented, "The kids' sad faces during goodbye song broke my heart."

Highlights

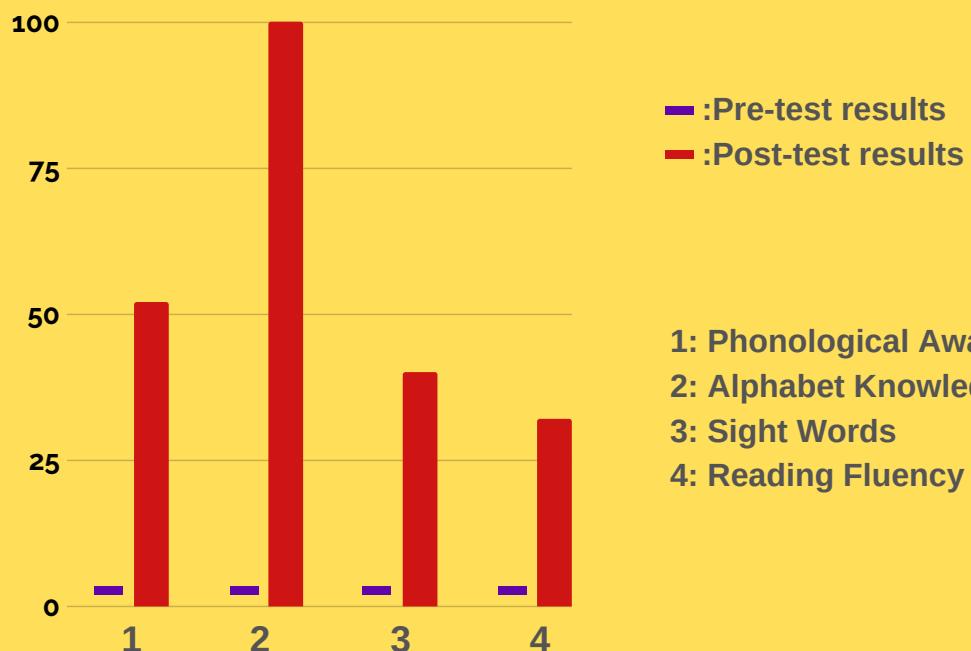

Camp GROW 2018

GROW@WeLL Centre

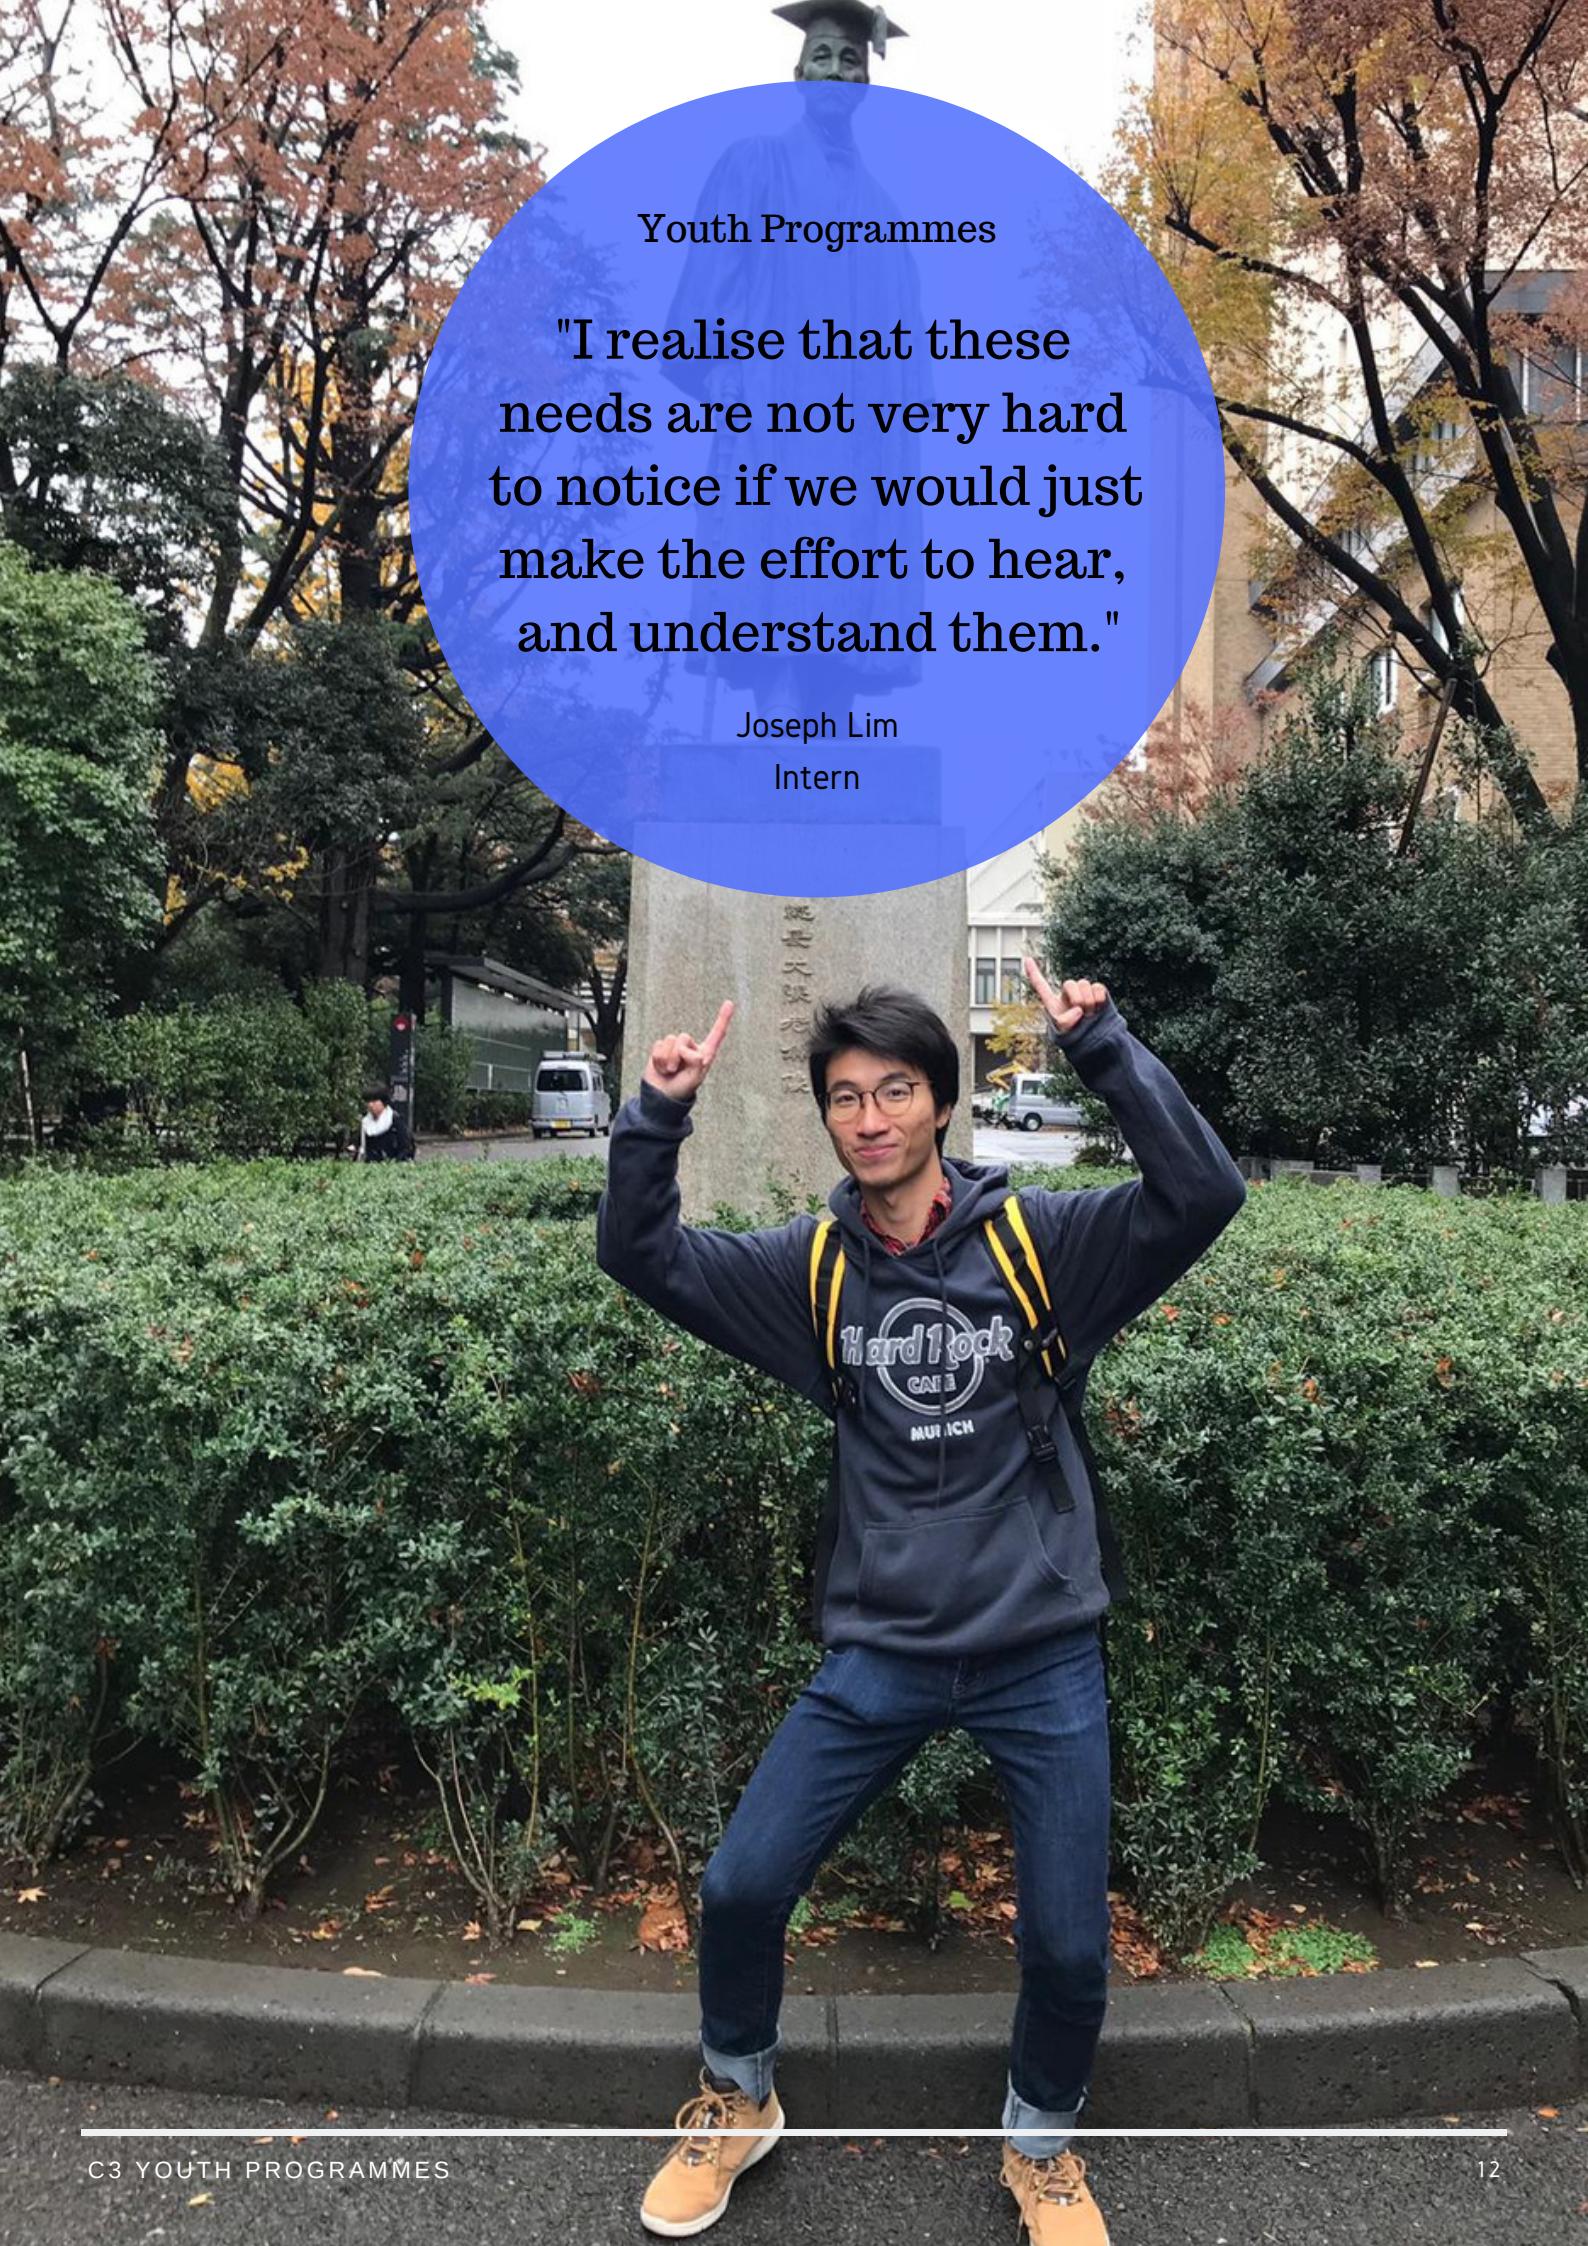

GROW@C3 Centre

- 1: Phonological Awareness
- 2: Alphabet Knowledge
- 3: Sight Words
- 4: Reading Fluency

The “star performer” for GROW 2018 was Janice* (name changed). When she attended GROW at the start of her K1 year, she had no reading readiness, no word awareness nor did she recognize any letters of the alphabet. Thankfully, as Janice attended the weekly GROW lessons faithfully, she progressed from a child who was initially easily distracted and merely echoed after the teacher to a keen learner who showed good word retention!

Youth Programmes

"I realise that these needs are not very hard to notice if we would just make the effort to hear, and understand them."

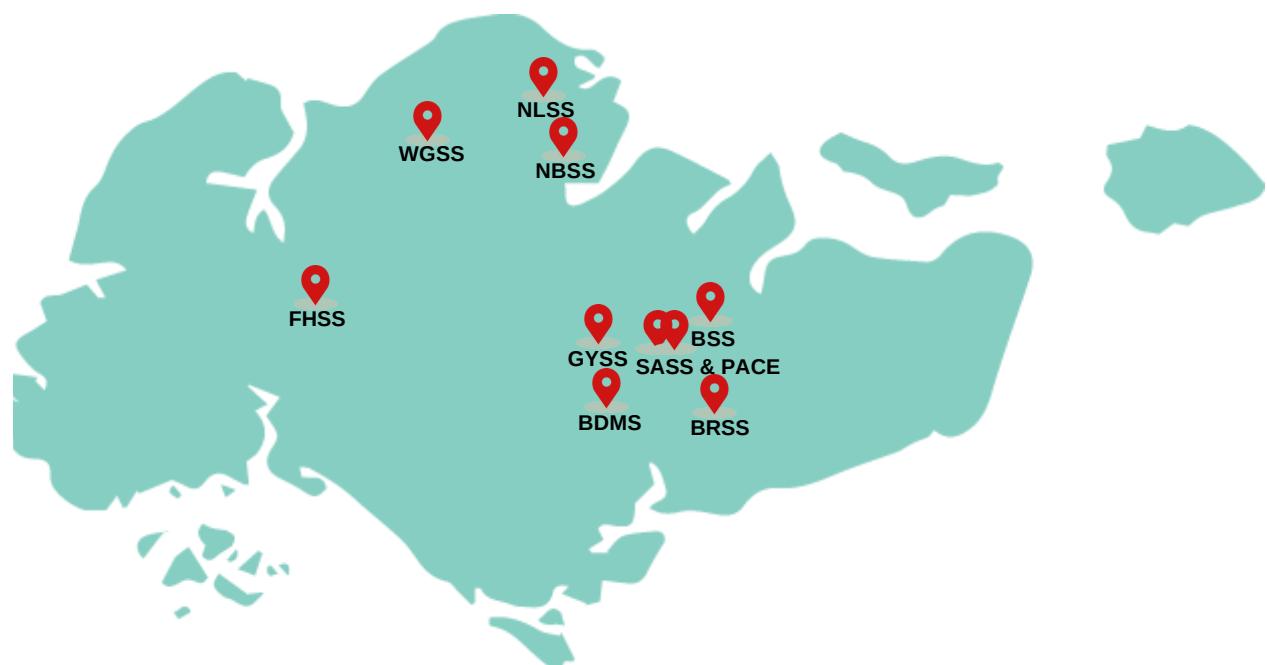

Joseph Lim
Intern

YOUTH PROGRAMMES

Resilience [A.C.E]

Team ACE could achieve our goal of 10 youth centres in 2018 only because it was a team effort, a whole team of staff, volunteers and partners journeyed with us. Each one of them took time to connect, impact and influence the youth and community.

We started with only one youth centre at Guangyang Secondary School in 2014 and as of 2018, the following schools and community partners partnered with us:

- 📍 Bartley Secondary School
- 📍 Bendemeer Secondary School
- 📍 Broadrick Secondary School
- 📍 Fuhua Secondary School
- 📍 Guangyang Secondary School

- 📍 Naval Base Secondary School
- 📍 Northland Secondary School
- 📍 PACE @Potong Pasir CC
- 📍 St Andrew's Secondary School
- 📍 Woodgrove Secondary School

YOUTH PROGRAMMES

Resilience [A.C.E]

Northland Secondary School

The ASE program at Northland Secondary School started in Term 3, July of 2018. The program was targeted at selected Secondary 1 students of Northland Secondary School, who were identified by teachers in the first half of the year.

Throughout the programs, many of the students were challenged to improve themselves, and to develop their own competencies, through in-school activities – such as dodgeball, treasure hunt, etc. – and bigger projects – decorating of room, booth exhibitions, and outings.

"The students explored their own interests and likings, their own personalities and characteristics, and through the ASE program and activities, learnt much more about themselves, as well as their own development and growth into confident youths."

- Chan Wen Jie
Youth Worker (NLSS)

"They understood each other's strengths and weaknesses and used that to their advantage. I observed that especially during the SPCA charity fundraiser, the students themselves appointed an overall in charge. This was heart-warming to witness as they evaluated each other's strengths and chose someone efficient to coordinate them."

- Neleena Nair
Youth Worker (NLSS)

YOUTH PROGRAMMES

Resilience [A.C.E]

Launch of R.A.C.E.

2018 also saw the launch of the RACE (Reaching Academic and Character Excellence) programme after National Day. It focuses on providing students who have a desire to progress to the next level of their studies with extra support and guidance by young adult and peer mentors, study groups and academic coaches.

We first started with only a handful of volunteers at our various ACE programmes, but in 2018 Team ACE engaged more than 50 youth and young adults volunteered in our centres.

PACE @ Potong Pasir CC

C3's partnership with Potong Pasir CCC in 2015 resulted in our first community-based youth drop-in centre (PACE).

Since then, over hundreds of youths have stepped into the centre, where we provide a safe environment for meaningful engagement.

"PACE is a great programme for the youths in the community to gather and hang out, especially for those youths that seek friends, attention, care, warmth and most importantly, a community to belong. Although there is no statistical data to show its importance or effectiveness, the consensus on the ground by the students and volunteers show that PACE is highly favored and popular. They see and feel its significance in their lives and in the community."

- Marcus Lai
Youth Worker (PACE)

Camp ACE 2018

This year's iteration of the camp focused on forging and deepening bonds between campers and volunteers. The campers were brought to Turf Club to have some laser tag fun and on the next day, they learned to cooperate with one another to overcome challenges on Bukit Timah Hill.

The nights were filled with heart to heart talks and sharing over supper. It echoed unanimously in the post-camp evaluation afterwards that the campers and volunteers had a great time and were looking forward to next year's camp. A cursory look on social media saw that the many bonds have gone beyond the camp!

C3 is grateful towards our dedicated team of volunteers who made Camp ACE 2018 possible.

COUNSELLING YOUTH

Mental Health Awareness & Issues

Our counselling team comprises of 1 full-time counsellor and 7 active volunteer counsellors.

In 2018, we continued working closely with Yuying Secondary School and formed two new partnerships with Guangyang Secondary School and Pei Chun Public School.

Two workshops were conducted this year. One of them was conducted for a group of youths who wanted to understand more about self-harm behaviour. The other was conducted during the Calvary Baptist Church Camp where youths learnt more about helping peers in need who have anxiety.

We would like to appreciate Ms Helen Tay (left) for 2 years of service to C3. She has helped many youths through their difficult periods and empowered them to become confident and inspired individuals. During her time in C3, she has conducted various workshops that have benefitted the youths. We wish her all the best in her next endeavour.

Ms Denise Yap joined us in March 2018 as a counsellor. She has experience counselling youth for the past 6 years. She has a Masters Degree in Counselling and specialises in Cognitive Behavioural Therapy. In 2018, she conducted a workshop for the youths in Calvary Baptist Church about self-harm, depression and anxiety.

Highlights

"Great place to volunteer!
Lovely people and helpful staff team! Appreciate
the staff family!"
- Dillon Ng, Volunteer Counsellor since 2017

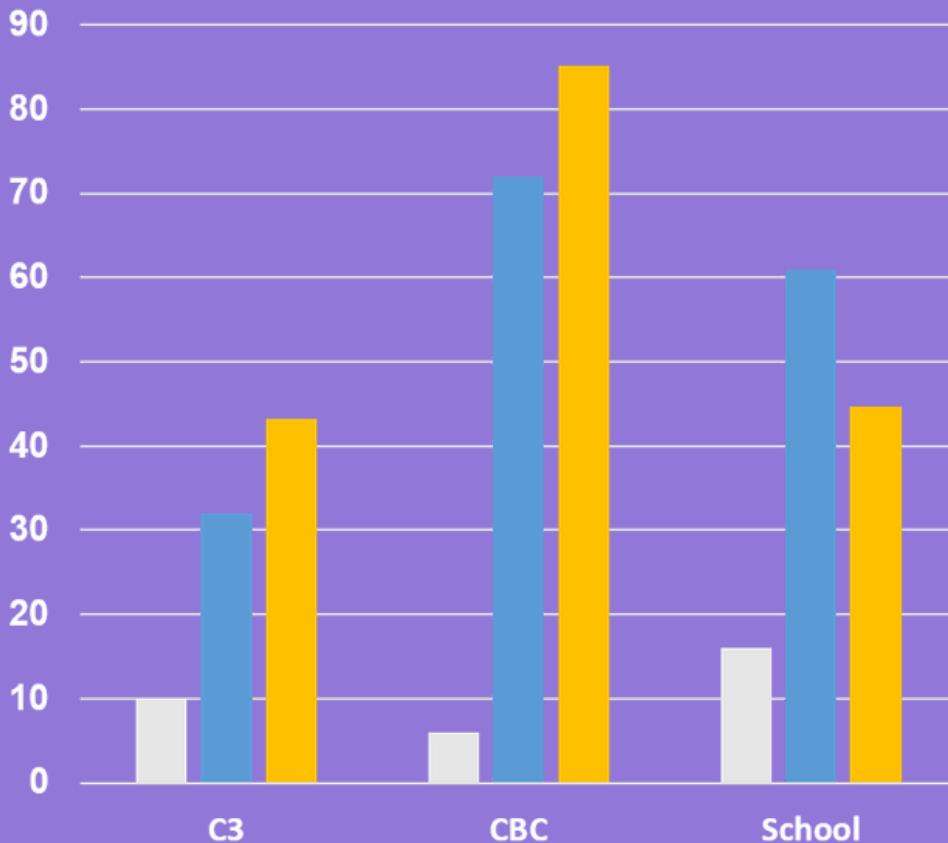

Helping Peers with Anxiety Workshop

"The workshop was relevant to me as I am a peer support leader in my school. Through the workshop, I was able to learn how to encourage and support my friends more effectively.

I learnt the importance of listening or just being there for someone when they have a problem to share with you.

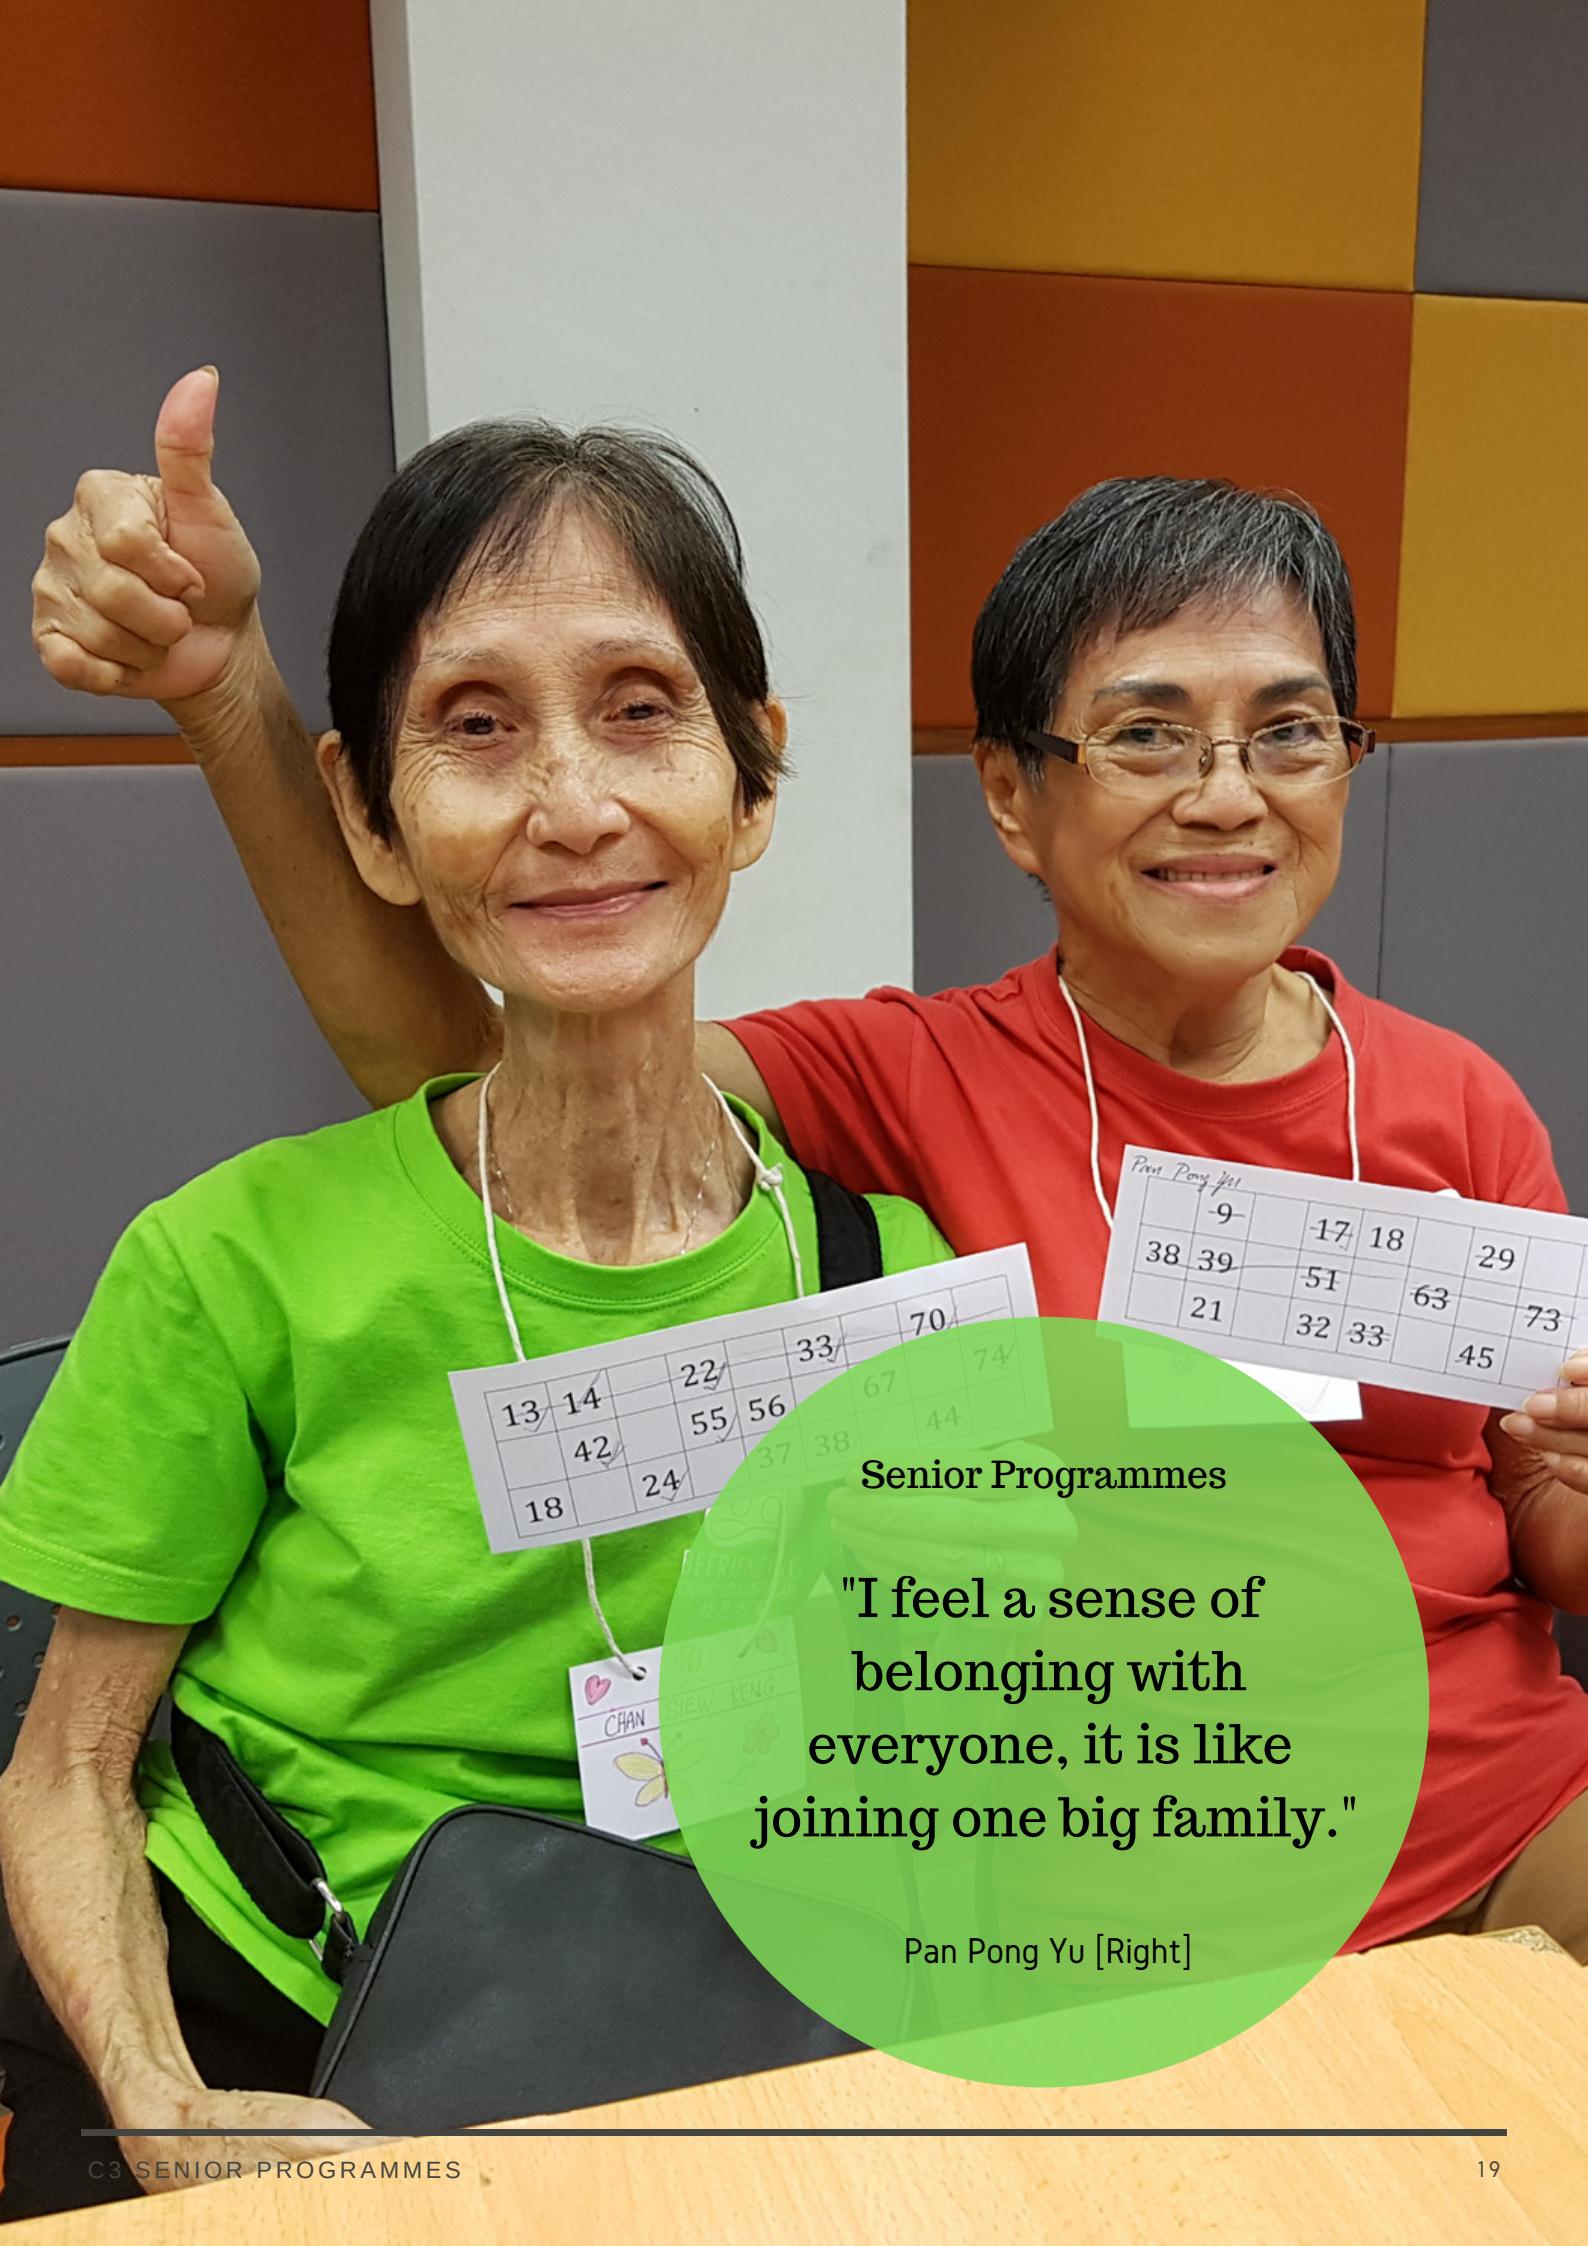

I found it good that we were given time to interact and discuss the given situations with the other people attending the workshop. This allowed us to be open about our opinions and is a platform for better learning as well!"

- Eliora, Participant

In 2018, our counselling team has touched the lives of 32 youths, up from 20 the past year. Some of the common issues presented during counselling were family issues, friendship issues, anxiety and work/school stress.

We look forward to journey with even more youths in the coming years and play a part in helping them overcome their struggles.

Senior Programmes

"I feel a sense of belonging with everyone, it is like joining one big family."

Pan Pong Yu [Right]

SENIOR PROGRAMMES

Active Aging

In 2018, C3 reached out to over 250 seniors through our Active Aging programmes. We also started a variety of regular exercise programmes, recognising its importance in keeping the seniors physically active and battling frailty.

We collaborated closely with Health Promotion Board (HPB) for the weekly exercises - low impact aerobics and line dancing. HPB also conducts regular healthy cooking demonstrations to teach our seniors how to cook healthy and yummy dishes!

C3 also started our first Step Up with OTAGO class. Happening twice a week, the hour-long exercises have been used in strength and balance programmes across the world and are based on the OTAGO Exercise Programme (OEP) which has been shown to reduce falls.

As what philosopher Desiderius Erasmus once said, "Prevention is better than cure"!

Step Up with OTAGO

Line Dancing

Low Impact Aerobics

SENIOR PROGRAMMES

Befriending

In 2018, we have made weekly home visits to 24 seniors. On top of the weekly home visits, we also took these seniors out for excursions.

Many of their lives have been drastically changed since they were introduced to volunteer befriendee(s) from C3. One of our seniors, who enjoys playing Rummikub once a week during the home visits; shared how she used to mindlessly stare at the walls of her home feeling empty and lonely at the same time.

Thankfully, that was all in the past.

"In the past I am always alone at home, looking at the four walls of my room not knowing what to do"

Another befriendee shared that now, she enjoys companionship with the befriendees who visit her and she eagerly anticipates their visits. She shared how thankful she is to be part of C3's befriending programme.

Outing to sea aquarium

In collaboration with Temasek Polytechnic, our board member, Mr William See and the students took our seniors out to a visit to Sea Aquarium. The seniors, especially those who were wheelchair bound, had a such an enjoyable time at the Sea Aquarium. They visited the place for the very first time, took many photos and then enjoyed a dinner treat. It was a memorable day.

Mid Autumn Celebration

Mediacorp Experience

Exciting times in 2018...

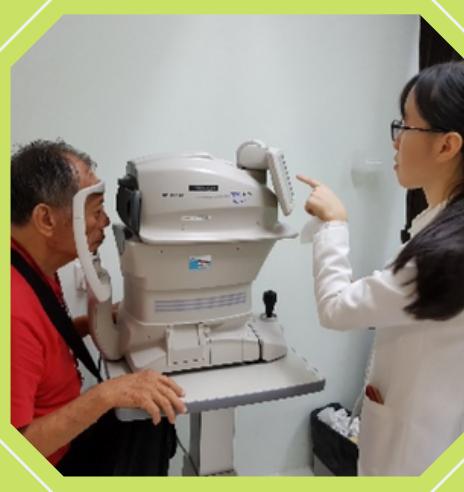

Earlier in 2018, C3 was invited by SP Optometry to have an eye check up for our seniors. For seniors who needed them, they were greatly blessed by the kind sponsorship of free spectacles. 25 of our seniors also got to participate in the new “MediaCorp Experience” tour, with a chance to experience acting and news broadcasting!

One memorable highlight of the year was definitely our largest Mid Autumn Celebration with seniors yet! In 2018, we had 88 seniors celebrating this festival, up from 60 in 2017 and 46 in 2016.

Member of Parliament, Mr Sitoh Yih Pin, our Guest of Honour graced us with his presence. Our seniors also beamed with excitement as they showcased the various skills they had acquired - from line dancing to playing the ukulele and so on. After a scrumptious buffet spread, our seniors also had ice cream sponsored by SCCOP!

Volunteerism

"Life's most persistent and urgent question is, What are you doing for others?"

— Martin Luther King, Jr.

This year, over a hundred volunteers came together and helped us extend our services to more than 600 beneficiaries. Many of them come frequently, some on a weekly basis clocking more than 4000 volunteer hours to help us meet the needs of the needy.

We are thankful for the compassion and love that each and every one of our volunteers has shown to our beneficiaries through their thoughts, words and deeds.

SJI Volunteers

St Joseph's Institution (Senior School) continues to render their support in our youth programmes for the 5th year running.

Rotaract Club of NP

Volunteers from Rotaract Club of Ngee Ann Polytechnic organised a number of events for our seniors, including the largest scale Mid-Autumn Celebration with 88 seniors

Fundraising

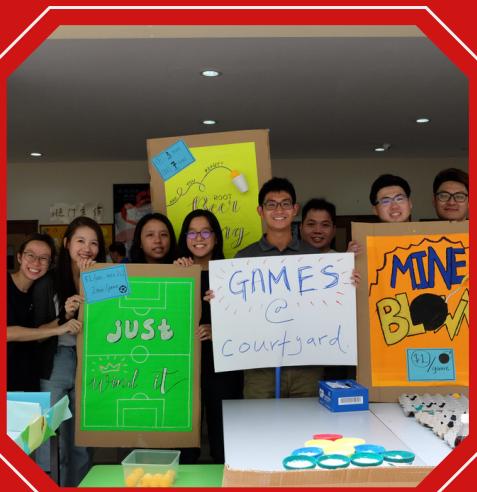

“Giving is not just about making a donation. It is about making a difference.”

— Kathy Calvin

In 2018 alone, over 240 donors gave to our cause.

No words can express our gratitude for the generosity and compassion of our wonderful donors.

Thank you for making a difference!

C3 Day 2018

C3 Day was held in Calvary Baptist Church on 19 August 2018. Pastor Koh Kok Chuan shared on the theme of Giving – *It's more blessed to give than to receive.*

That is true indeed! Through the generosity and efforts from individuals and cell groups, a total of **\$48,098.35** was raised from the food fair, game booths and the collection of a second offering in the worship service.

C3 Gala Dinner & Art Auction 2018

C3's Gala Dinner & Art Auction was held on 8th September 2018. Close to 200 guests, partners and beneficiaries filled up the ballroom at Novotel on Stevens. It was a night of hearing impactful stories, appreciating the art pieces on auction, and even watching a floss dance performance by our seniors! Special thanks to Howie Lau who was an engaging auctioneer and to Carol Smith who was an excellent emcee during the fundraising event.

CORPORATE GOVERNANCE

Management Board

On the Governance front, we took note of the new Code of Governance released in 2017. We introduced initiatives to align to the new guidelines including amending the constitution, setting in place structures and policies like risk management and adding segments to our stakeholders report. These included setting term limits for board members, recording of donations-in-kind and reporting on members' attendance.

Our board members are made up of volunteers. Each term of appointment is 2 years with a 10-year cap as per the Code of Governance. No board member received remuneration from C3 and none has served for more than 10 continuous years. Board independence: There is no staff on the board.
